**Price per Ticket,  
Share, Chance/Other** \$500.00

**Event Description:** One day prior to the Cash for Kids gaming event, after tickets are sold and ticket stubs returned to office, 2-3 board members along with 1-2 staff members will stuff ticket stubs into pill bottles and secure the lid. All pill bottles are secured in the Executive Office Safe until the day of the event. The day of the event the pill bottles with ticket stubs are then placed in a large Brass Raffle Drum in the presence of the Harding & Bishop Auditor and at least one board

member and staff.

Once games begin, volunteers will do the following jobs:

1. Turn the drum.
2. A second volunteer will draw a pill bottle (filled with a ticket stub) out of the drum.
3. The volunteer will remove the ticket stub handing it to the MC to read the number verifying that the number is now out of play.
4. All ticket stubs are then passed to a third volunteer who secures them from the MC and places in an appropriate container.
5. This process will continue until the last ticket is drawn and the winner announced.
6. Contestants do not have to be present to win.

All ticket stubs corresponds with a number on the game board.

An accountant, (usually Kelvin Bishop) is always present to assure our process is accurate and fair.

Please refer to "Cash for Kids" Reverse Raffle Rules of Order for more information on how the game is played.
