Event Description: Participants will "adopt" the ducks for a chance at winning cash or prizes. Purchase price will be \$5 per duck. Participants will receive a ticket with a number matching their duck. At the starting line, ducks will be simultaneously emptied into the water. The ducks will be placed in a barrel container and emptied into the creek. A device will be placed in the water that will only allow one duck at a time to come through. The winning duck will be the one that crosses the finish line first. Additional prizes will also be awarded in different categories to add to the event. The winner does not have to be present to win.
