Event Description: Champagne and Diamonds is a "pick to win" game to be held during the Reception at our summer event l' Ete du Vin. Guests are able to buy a glass of champagne in a Bottega del Vino champagne flute for \$225 for a chance to win a luxury jewelry item donated by a local store. Guests pick a number (1-60) and receive a wine charm with the number on it. The winning number will be announced during the live auction. They must be present to win. The glass is theirs to keep. The lucky number will be picked before the guests arrive. The auction director randomly picks a number between 1-60 and writes it down on a piece of paper before sealing it in an envelope. The envelope will not be opened until the assigned time during the live auction. The winner is revealed when the auction

director goes on stage, opens the envelope, and announces the winning number. The winner must go to the stage to pick up the prize.
